

**Coleus Kong Jr. Rose or
*Solenostemon scutellarioides***

Matured Size: 24 in tall, 30 in wide

Colors: Line Vein, Green Halo, Rose, Scarlet
(pictured, top to bottom)

Planting spacing: 24 inches apart

Plant in shade, otherwise leaves will burn and fade

Requires evenly moist, well-drained soil, will die in standing water.

Highly tolerant of air pollution and will thrive in inner city environments.

Pairs well with caladiums, ferns, and begonias.
