

Galena FFA

Plant Sale

Sweet Potato Vine or Ipomoea batatas

Matured size: 8-10ft long, 5-12in wide

Colors: Green and Purple (pictured)

Spend summers outdoors

Plant 12-18inches apart and leave about 3 feet between rows for growth.

Love full sun, but will grow in partial shade, occasionally full shade.

You may fertilize monthly using general, all-purpose, water soluble fertilizers

Kept moist, not soggy

Pairs well with Coleus, Cordyline, or Geraniums.
